Masters Series Tournament Rules 2018

The aim of the Masters is to encourage more competitive running in UKI classes and improve the overall standard of top level agility. The Masters has been created for dogs and competitors whose goal is to compete at both National and International level.

- The Masters is considered one class made up of 2 rounds: an Agility and Jumping round with results combined.
- Entry open to ALL dogs of all levels.
- Separate competition for each jump height.
- Running order for second round will be in reverse order of the first runs results. If a handler has 2 dogs entered within a jump height, they may move their first dog up so that there are as many dogs as possible between their dogs. If this is not possible, they will receive a 6 minute break. If a handler has more than 2 dogs within a jump height and the entry is not large enough for a large enough gap in between all their dogs, the first of their dogs drawn will be allowed to run in between a jump height change, if a jump height change is available before their height. If it is not, the final decision will be made by the judge and show manager, taking into consideration fairness to the competitor and other entrants in the Masters Class. Day of Entries must run first within the running orders of the first class. The second class must run in reverse order of placing from first class. Handlers must run for competition in both rounds to receive a combined score and be eligible for the Final, awards & prizes. The dog must run in the height that he will compete at in the Master's Final. The same dog and handler must run both rounds. Any extraordinary circumstances to be ruled by UKI.
- Cumulative scoring; dog with the lowest score wins. Faults converted into seconds (5 faults = 5 seconds) and time faults treated the same as course faults but converted on a 1:1 ratio.
- Winners in each height of the Agility round and the Jumping round qualify for the Masters Series Final.
- If 1-5 dogs are entered in a jump height 1st & 2nd place from the combined scores of Agility and Jumping rounds qualify for the Masters Series Final. If 6 – 10 dogs are entered in a jump height 1st - 3rd will qualify, above 10; 1st – 4th will qualify.
- Prize money to be paid out to at each heat for the combined winners per the prize fund below.
- In the event of a tie for the combined results, the result from the Agility round will be the deciding factor. If there is still a tie, the dogs will compete in a run-off on the 2nd rounds course.
- Eliminations will result in 100 faults with a 60-second course time.
- Dogs that score 320 cumulative and over will not be placed nor awarded prize money.
- A no-show in either class will result in a disqualification from the class and therefore will not be eligible individual class placement, overall placement or eligibility to qualify for the Final.

All BIS must run at the end of the class, after all jump heights have finished in that class and must use a mat on the start line, to be provided by the show. UKI CUP - General Rules

- There is no pre-qualification necessary to enter classes.
- There is a separate competition for each jump height.
- Dogs and handlers need to be UKI members. Memberships can be done online at www.ukagilityinternational.com
- Dogs may only compete in one height throughout the whole event.
- Handlers who are collecting qualifying rounds for Canadian Open Bys must be the same dog and handler partnerships that compete in these events at the Canadian Open and must run in the height that the Q's and Bye's were gained at.
- The same handler must compete in both rounds of a class.
- Classes will be run in strict running order. Running orders will be randomly drawn for the first round of each class of Agility Biathlon, Masters Series Heat, Speedstakes Challenge and Games Challenge all consist of 2 rounds. A no-show in either class will result in disqualification from that competition, including awards.
- Classes will be run under UKI rules and regulations with additional rules detailed below. Any further amendments will be posted and or announced in the event confirmation letter.
- UKI reserves the right to rule at the event on anything not covered in these rules.

UKI Progression points

Clear rounds in Masters Agility, Biathlon Agility will count towards level progression for Agility pts. Clear rounds in Masters Jumping, Biathlon Jumping will count towards level progression for Jumping pts.. Qualifying rounds of both classes from the Games Challenge will count towards level progression for Games pts. Clear rounds in both classes of Speedstakes will count towards level progression for the Speedstakes program.

Managing Conflicts for Handlers with Multiple Dogs in Non Seeded Classes

In the initial classes of each event (non-seeded runs) a random draw will produce the running order. Handlers with more than one dog will have their running orders altered to achieve the following:

- A gap of 10 dogs (9 dogs between their runs) will be created by moving the first-drawn dog earlier in the running order. If this does not achieve a 10-dog gap, then the second-drawn dog will be moved down in the running order.
- If there are not enough dogs in the class to achieve the 10-dog gap the biggest gap possible will be created. If this gap does not achieve the minimum 10 dog gap, then a break of 5 minutes will be given. The 5-minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.
- Handlers with more than 2 dogs will have their dogs split using the 10-dog gap rule. If there are not enough dogs to achieve this, the dogs will be split evenly through the running order and the 6-minute rule will be adhered to. If a handler has dogs in different height divisions, and the 10-dog gap cannot be achieved, the 6 minutes will run through while the jump heights are being changed.

Multiple dog conflicts in Seeded classes:

In the seeded classes a handler has earned their running order and the advantage this brings; therefore, their dogs will not be automatically moved to create a gap. Instead, they will be given 5-minute break between dogs. However, a handler may choose to move their first dog to a spot earlier in the running order to create a gap of 10 dogs (9 dogs between their runs). If this is unable to be achieved, the 5-minute rule will be used. A handler must notify the results office within 30 minutes of the results being posted of the previous class in that event if they wish to move their running order for the next round. Failure to do so will mean they will be given a 5-minute break. **By entering more than one dog in this event, handlers indicate their acceptance to comply with these rules.**

Scoring Master Series Heat 1 - WAO Pointed Event

Competitors must pre-qualify for the Master Series Final at UKI Open by earning a bye in the Master Series Heat (Pink Certificate). Pre-qualification can be earned by the winners of each class regardless of the number of dogs entered and by the following aggregate scoring. If 1-5 dogs are entered in a particular height the 1st and 2nd will pre-qualify, if 6 – 10 dogs 1st, 2nd & 3rd will qualify and if more than 11 dogs are entered in a particular height the 1st, 2nd 3rd and 4th will qualify. Only the same dog and handler who earn the bye will be allowed to run at UKI Nationals; their jump height must be the same at both events. Master Series Heat consists of two rounds; Agility & Jumping. Scoring Standard UK Agility Marking will apply. Faults converted into seconds. 5 faults = 5 seconds. Time faults treated the same as course faults. An elimination = 100 faults. Dogs eliminated will also be given 60 seconds as their time. Dogs with the lowest score will be deemed the winner. In the event of a tie the result from the agility class will be the deciding factor. A no show in either class will negate any scores and awards.

Scoring Games Challenge – WAO Pointed Event – Each Round Games Challenge consists of two rounds; Snooker and Gamble. Scoring: The dog with the most points will be deemed the winner with time used as a tie break in all aspects of the Games Challenge. Qualifying runs in both games will count towards the qualifying criteria for the 2018 Canadian Open Games Biathlon

Scoring Agility Biathlon – WAO Pointed Event – Overall placement Agility Biathlon is scored cumulatively. With least faults winning and time as tie breaker only, in all aspects of the Biathlon. Eliminations will result in 100 faults with a 60 second course time. A no show in either run will score 1000 faults with a 60 second course time. Combined Scores of 320 and more will not be placed.

Scoring Speed Stakes Challenge – WAO Pointed Event – Overall placement Consists of 2 Speed Stakes courses. Each round is cumulative and is scored time plus faults. Eliminations will result in 100 faults with a 60 second course time. A no show in either run will result in disqualification from the Champ Speed Stakes Challenge event. Combined scores of 200 faults will not be placed.

Scoring Agility & Jumpers These are regular titling classes. Earning a bye into the 2nd Round of the Canadian Nationals Class at the Canadian Open You will earn a bye (Yellow Certificate) when you complete 5 Clear Agility Rounds and 5 Clear Jumping Rounds and 1 round of Speedstakes – all events at the Fall Cup are dual purpose, meaning a Clear Standard round in your Master Series could get you a bye in Master Series (Pink certificate) and is a leg that counts towards your Yellow certificate.
